Ependymoma - Childhood - Patient Information Resources

This section has been reviewed and approved by the Cancer.Net Editorial Board [1], July / 2012

Additional Resources

In addition to Cancer.Net, there are other sources of information about this type of cancer available online. Cancer.Net maintains a list [2] of national, not-for-profit organizations that may be helpful in finding additional information, services, and support. As always, be sure to talk with your child?s doctor about questions you may have about information you find about this disease.

View organizations that offer information on brain tumors [3].
