Support Cancer.Net [1]

DONATE to Help Support Cancer.Net [2]

There are many ways you can help support Cancer.Net in raising cancer awareness and getting information to people living with cancer and their loved ones.

Make a Gift [2]**:** Cancer.Net is supported by the Conquer Cancer Foundation of the American Society of Clinical Oncology. Help us continue to provide comprehensive, credible and timely cancer information by making a donation to the Conquer Cancer Foundation today.

Share the Information [3]**:** Help spread the word about Cancer.Net information to those who may find it useful! This can be done by a simple email or through social media, such as retweeting posts from *@CancerDotNet* [4] on Twitter [5], or sharing information you find valuable on Cancer.Net through Facebook [6] and Google +. [7]

Stay Connected with Us: To stay current on what's new, subscribe to the free monthly newsletter [8], *Inside Cancer.Net*, to get a concise overview of new content. You can also follow [9]*@cancerdotnet* [4] on Twitter [5], ?like? our page on Facebook [6], add Cancer.Net to your circles on Google + [7], or subscribe to our YouTube channel [10] to see the latest videos.

Give Us Feedback [11]**:** Tell us what you think of Cancer.Net! Receiving input from visitors like you is one of the most important ways we learn about what users value on the site and get ideas for future growth.

Cancer.Net gratefully acknowledges the individuals, organizations and companies listed below who support this website through donations and contributions made to the Conquer Cancer Foundation of the American Society of Clinical Oncology.

Cancer.Net would like to gratefully acknowledge a leadership gift from Raj Mantena, RPh, whose generosity will help ensure the continued growth and success of Cancer.Net.

Palo Alto Medical Foundation

The Palo Alto Medical Foundation offers a full complement of medical services to treat most types of cancer. Our comprehensive cancer care program includes radiation, medical and surgical oncology as well as a variety of support services for patients and their families. Our team of highly respected doctors, nurse practitioners, clinicians and staff work closely to coordinate all aspects of a patient's care - from diagnosis to treatment through recovery - to provide high quality, compassionate and personalized cancer treatment, taking into consideration both response and quality of life.
