Quality Care Symposium

2013 Quality Care Symposium - News for Patients

The 2013 Quality Care Symposium will be held November 1 ? 2, 2013, in San Diego, California. This new ASCO symposium will bring together top leaders in the field to share strategies and methods for measuring and improving the quality of cancer care. Watch this page for breast cancer research news announced during this meeting! For information on patient advocate opportunities, email patientadvocates@asco.org [1]. For more information on the symposium program and agenda, visit http://quality.asco.org/ [2], or watch this introductory video:
