Mesothelioma - Questions to Ask the Doctor

This section has been reviewed and approved by the Cancer.Net Editorial Board [1], March / 2013

Questions to Ask the Doctor

ON THIS PAGE: You will find some questions to ask your doctor or other members of your health care team, to help you better understand your diagnosis, treatment plan, and overall care. To see other pages in this guide, use the colored boxes on the right side of your screen, or click ?Next? at the bottom.

Talking often with the doctor is important [2] to make informed decisions about your health care. These suggested questions are a starting point to help you learn more about your cancer care and treatment. You are also encouraged to ask additional questions that are important to you. You may want to print this list and bring it to your next appointment, or download Cancer.Net?s free mobile app [3] for an e-list and other interactive tools to manage your care.

- What type of mesothelioma do I have?
- Where exactly is the tumor located?
- Can you explain my pathology report (laboratory test results) to me?
- What is the stage of the cancer? What does this mean?
- What is my prognosis?
- What treatment options are available?
- What clinical trials are open to me?
- What treatment plan do you recommend? Why?
- What is the goal of each treatment? Is it to eliminate the cancer, help me feel better, or both?
- Who will be part of my health care team, and what does each member do?
- Who will be coordinating my overall treatment and follow-up care?
- What are the possible side effects of this treatment, both in the short term and the long term?
- How can I keep myself as healthy as possible during treatment?
- In addition to treating my cancer, what can be done to treat my symptoms and side effects (such as pain medications or appetite stimulants)?
- How will this treatment affect my daily life? Will I be able to work, exercise, and perform my usual activities?
- Could this treatment affect my sex life? If so, how and for how long?
- Could this treatment affect my ability to become pregnant or have children? If so, should I talk with a fertility specialist before cancer treatment begins?
- If I?m worried about managing the costs related to my cancer care, who can help me with these concerns?
- What follow-up tests will I need, and how often will I need them?
- What support services are available to me? To my family?
- Who should I call for questions or problems?
