

# PLWC Bulletin

Oncologist-approved cancer information from the American Society of Clinical Oncology

May 25, 2006

 FORWARD TO A FRIEND >>

## What you should know:

### PLWC has a new look!

People Living With Cancer ([www.plwc.org](http://www.plwc.org)), the patient information website from the American Society of Clinical Oncology (ASCO), has been redesigned to provide more user-friendly navigation capabilities as well as more comprehensive content. We invite you to visit PLWC, browse the content, and use what you learn as you discuss options with your family, doctor, and health-care team.

[about us](#) :: [contact us](#) :: [privacy policy](#)

The American Society of Clinical Oncology (ASCO) is the world's leading professional organization representing physicians of all oncology subspecialties who care for people with cancer. ASCO's more than 20,000 members from the United States and abroad set the standard for patient care worldwide and lead the fight for more effective cancer treatments, increased funding for clinical and translational research, and, ultimately, cures for the many different types of cancer that strike an estimated 10 million people worldwide each year. ASCO publishes the Journal of Clinical Oncology (JCO), the preeminent, peer-reviewed, medical journal on clinical cancer research, and produces People Living With Cancer ([www.plwc.org](http://www.plwc.org)) an award-winning website providing oncologist-vetted cancer information to help patients and families make informed health-care decisions.
